**Eutrophication Background**

Please watch the following video and listen to (or read the transcript of) the podcast. Then, answer **both** of the two questions below. You may refer back to the video or podcast at any time.

Video - Battling the Bloom: Lake Erie

Podcast - Ocean Shorts: Eutrophication

1. What are some of the effects of increased nutrient levels in surface waters?

2. What are some of the ways that humans contribute to increased nutrient levels in surface waters?
