

Discovering the Ancient Pyramids

Name:

Teacher and Student Information

It is recommended that each student receive his or her own copy of the Google Slides activity

This icon  indicates the embedded video is a 360 video. Students can “look around” by using their fingers or arrow keys to navigate. This icon  indicates a link. This  icon will take you back to the progression slide. This icon  will take you to the final challenge where you can earn The Great Pyramid Challenge badge.

Extension: Consider making a copy of my Epic Books Street Treks Collection. These can be used as mentor text with Google Street View Treks.

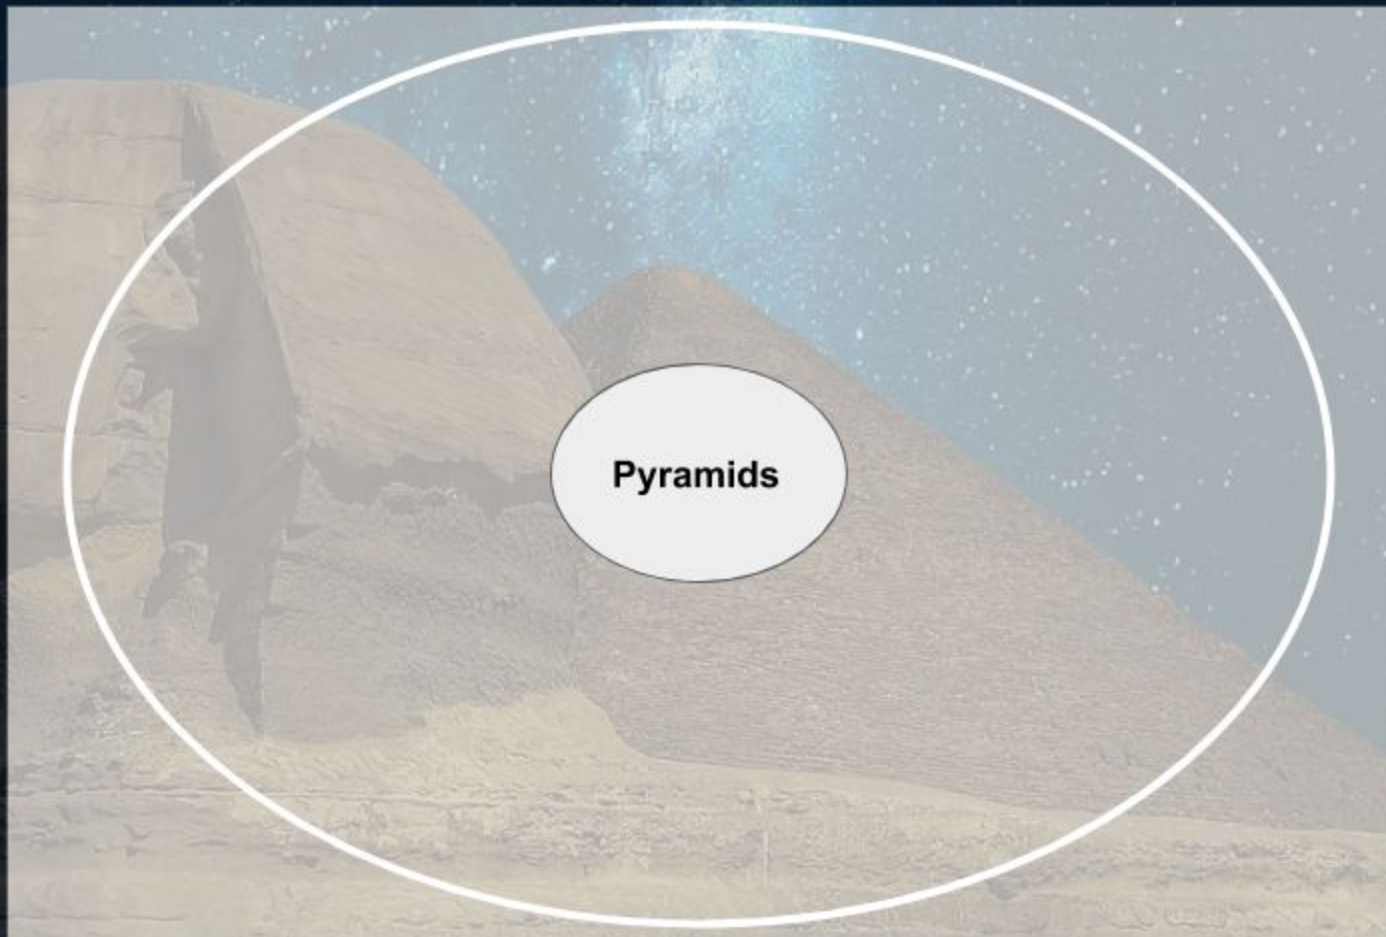

Discovering the Ancient Pyramids Adventure

Click on the pyramids to progress on your archeological adventure. Complete the activities to discover what lies inside the Great Pyramids. To complete the final challenge, click on the badge.

Brainstorm what you know about the pyramids. Use text boxes to add to the circle map.
