

# **ATTENTION:**

## **IAR BOOTCAMP ROOM TRANSFORMATION**

**Today students participated in an IAR Preparation Bootcamp. The purpose of this activity was to help students prepare for the upcoming state assessment. Students focused on the importance of team building-engagement in learning is key!**

**Students dressed the part as they tied a camouflage bandana around their head, arm, or leg and wore their soldier face paint. This launch gave students the role of a “cadet” led by myself Sgt. Buczyna. They will continue their preparation in the following weeks. Feel free to take a look at some pictures below.**

**Take care,  
Miss Buczyna**
