

The WOW Chart

This chart explains different forms of the WOW—the end performance, presentation, or product—which students work toward during their apprenticeships.

Use this template to chart the course of your apprenticeship. For each week, list your lesson and learning objectives (based on the guided questions below). Think of one or more related activities. Also, note which stage of the apprenticeship you’re in.

WEEK	STAGE modeling, scaffolding, coaching, fading	LESSON OBJECTIVES: What do we need to get done today?	LEARNING OBJECTIVES: What will students learn today?
