At BLMS, there are four school houses: School A, School B, School C, and Creative Arts. Three out of the four schools have similar demographics with different performance data. There are four performance levels:

- Distinguished
- Proficient
- Developing
- Beginning

In the Evidence statement, data is represented as follows:

- ■ Blue Square = State Data
- ● Green Circle = Local Education Agency {LEA}
- ▲ Orange Triangle - Buck Lodge Middle

In your team, you will closely analyze the **demographic** data or the **evidence** data for your grade level and record the data facts to create your data narrative story.
