

# CREATING OUR MATH PROFILES

# WHY SO MANY TESTS?

**Standardized test** scores are used to:

1. Measure student progress and compare it to other areas
2. Measure teacher effectiveness
3. Determine funding for schools
4. Help students access special programs and schools

# WHAT DO I DO?

The only way to improve is  
to know our current levels  
and what we need to work  
on!

Name: \_\_\_\_\_

School Year: \_\_\_\_\_

## **B** Mathematics Assessment Report, 2018–2019

This report shows whether FIRSTNAME met grade-level expectations and is on track for the next grade level or course. **This assessment is just one measure of how well your child is performing academically.**

To learn more about the test and to view sample questions and practice tests, visit <https://md.mypearsonsupport.com>.

See side 2 of this report for specific information on your child's performance in mathematics.

### How Can You Use This Report?

Ask your child's teachers:

- What do you see as my child's academic strengths and areas for improvement?
- How will you use these test results to help my child make progress this school year?

### How Did FIRSTNAME Perform Overall?

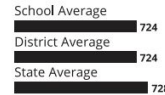

**E**
