

Step 1: Assign group jobs. Put each person's name next to their job below:

Materials Manager:	Facilitator:	Time Keeper:	Reader:
--------------------	--------------	--------------	---------

Step 2: Simplify your expression with algebra tiles. Use the space below to take any notes about your work that might be helpful as you plan your video.

--

Step 3: Plan your video. Use the boxes below to plan out your stop motion video. You'll use the algebra tiles to show how to combine like terms. You can also use writing on paper and other materials to explain the steps you're using to combine like terms. Remember, your video should answer the following questions:

<i>What are the like terms?</i>	<i>How did you identify the like terms?</i>	<i>What strategy(ies) did you use to combine like terms?</i>
---------------------------------	---------------------------------------------	--------------------------------------------------------------
