Name $\qquad$

## 3rd Grade

1. On Monday, Rishka had $\$ 384$ saved in her piggy bank.

- On Tuesday, she used $\$ 47$ to get a birthday present for her mom.
- On Thursday, she earned $\$ 19$ doing chores.

How much is in her piggy bank now?

| $\square$ | $\square$ | Equation Matches the <br> Problem |
| :---: | ---: | :--- |
| $\square$ | $\square$ | Answer is Correct |
| $\square$ | $\square$ | Strip Diagram is Correct |
| $\square$ | $\square$ | Student used Standard <br> Algorithm to Solve or <br> Check their Answer |
| $\square$ | $\square$ | Representations are <br> Labeled with Context |

2. The populations of 4 Texas towns are shown below. Put them in order from left to right in order from greatest to least.

Then fill in the blanks to complete the comparison statements and draw an open number line to show the comparison.
$\qquad$ 's population
$>$ $\qquad$ 's population.
$\qquad$ 's population $<$ $\qquad$ 's population.

| $\square$ | $\square$ | Answer is Correct |
| :---: | :---: | :--- |
| $\square$ | $\square$ | Answer is Correct |
| $\square$ | $\square$ | Answer is Correct |
| $\square$ | $\square$ | Open Number Line is <br> Correct and Labeled |
| $\square$ | $\square$ | Accurate Justification |
| $\square$ | $\square$ | Uses at Least 2 Math <br> Vocabulary Words in <br> Justification |
| $\square$ |  |  |
