

Assessment Review and Reflection

Directions: After completing the activity, take some time to review your results and reflect on your experience. The goal of any assessment is to help you better understand what you know and what you need to learn next. Doing this reflection carefully helps ensure you grow as a result of the activity.

Looking at the questions you got correct, what concepts are you doing well with currently?

Looking at the questions you missed, what are some concepts you need to focus on learning next?
