Single-Point Rubric for AI Literacy & PBL Content Creation

Evaluate Your Work: Use the rubric to assess and reflect on how AI supported your thinking during this project.

Emerging (1-3) Provide Feedback for Improvement	Proficient (4) Grade Level Expectations Met	Highly Proficient Provide Details	Score
	I can use AI tools (like ChatGPT) to brainstorm, simplify complex ideas and explain topics in my own words. *(Understand)*		/5
	I can evaluate AI-generated content for accuracy bias, and missing perspectives using credible sources. *(Evaluate)*		/5
	I can use AI-enhanced tools (like Canva) to create and refine media-rich content. *(Use Technology)*		/5
	I can reflect on my creative process and explain how AI supported my thinking, not replaced it. *(Reflect and Share)*		/5
		Total	/20

Single-Point Rubric for AI Literacy & PBL Content Creation

Student Reflection: *What did you learn through this process, about your topic, about using AI, and about yourself as a creator?*
