

Inspiration Inventory [Template]

The best PD often comes from the teacher down the hall. But getting down the hall (or across the building) can be hard.

To help you capture great ideas AND to spread the wealth, we're creating an Inspiration Inventory. This is a place you can share sparks of inspiration and then learn from each other.

We will use these sparks at team meetings, inservice days, and PD.

Inspiration is everywhere. Let's capture it and inspire each other.
